

# Anthony Dinino

SOFTWARE ENGINEER

## Profile

Software Engineer adept in bringing forth expertise in design, testing, implementation and maintenance of software systems. Proficient in various platforms, languages, and frameworks. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

## Employment History

### Software Engineer, Aligent Consulting, Adelaide

JANUARY 2022 – PRESENT

- Built and maintained, high-complexity, large-scale and performant web applications in PHP, building upon the Magento and Oro platforms.
- Developed highly-customized REST API and GraphQL endpoints.
- Comfortable with agile methodology using Jira and Confluence.

### IT Project Coordinator, 2Excel, Adelaide

MARCH 2020 – OCTOBER 2021

- Successfully delivered large scale, real-world, multi-user systems tested by in-house developers and client users.
- Attended client meetings regularly ensuring project scope remains consistent and on track during the project life cycle.
- Taught co-workers how to use prototyping software minimizing hundreds of hours spent on self-training.
